

Creating a Blended Learning Environment with Schoology

This three-day professional learning opportunity is for teachers to create and build a blended learning unit or extended lesson through the learning management system Schoology. Emphasis will be on creating engaging, interactive activities for students. Instructors will be Stacy Wolfe, Red Lion teacher and Schoology user for over 3 years and Ann Johnston, LIU 12 instructional technology specialist/hybrid learning coach and Schoology user for 3 years.

*Participants are welcome to participate even if they use a different learning management system and the session is open to teachers in any of the models of blended learning.

June 20-22, 2016

9:00 am – 3:00 pm; registration begins at 8:30 am

New Oxford Central Office

\$225 (includes lunch)

Instructors: Ann Johnston, LIU 12
Stacy Wolfe, Red Lion Area School District
